High School Science Teachers (Grades 7 - 12)

Pioneers School (www.pioneers.ps) in Nablus, Palestine is seeking full-time high-school science teachers. All classes are taught in English. Classes, following the progression of an American high school, are designed to prepare students for foundational science skills as well as success on the relevant SAT II subject tests in Biology, Chemistry, and Physics. The ideal candidate will integrate labs, experiments, and projects into the classroom as well as covering the appropriate material from the textbook. Leading up to the SAT II Subject Test, the teacher will also prepare students with test-taking strategies and practice tests as needed.

Experience is preferred but not necessary. The most successful teachers at Pioneers are those that are flexible, innovative, and committed to creating unique educational opportunities for Palestinian students. We provide on-site training, and teachers work closely with a specific coordinator to develop skills continuously throughout the year.

Teaching positions are full-time.

Salary: 2000 New Israeli Shekels per month (a livable and competitive starting teacher salary in the city of Nablus). Housing and a travel stipend are provided.

How to apply: Applications will be accepted on a rolling basis. The first round of interviews for the 2018-2019 hiring cycle will begin on 22 February, 2018. Applications should be submitted as soon as possible for consideration.

About us:

We are a bilingual Arabic/English school serving Grades K-12. Our high-school students follow the SAT program. Pioneers Baccalaureate School was founded to provide a level of education unavailable in Nablus. We challenge and inspire our students to achieve their intellectual and personal potential by approaching each as a unique individual. Utilizing the best of modern pedagogy, while staying true to our Palestinian roots, Pioneers prepares students to be competitive on a global scale. Our graduates will be prepared to innovate, think creatively, and contribute to building a better Palestine and a better world.

About our city:

Nablus was one of the Palestinian cities hit hardest by the Second Intifada, but it is currently undergoing an economic rebirth. With around 300,000 people, it is one of the largest cities in the West Bank.

Nablus is still a conservative city with respect to the West Bank as a whole, and in order to maintain the school's good reputation and standing in the community, foreign teachers are expected to uphold certain standards of behavior and dress during their tenure with the school.
